<p><b>About ROGI Seeds</b></p> <p>ROGI sources seeds from Green Harvest in Maleny, from other similar suppliers, and from ROGI members who have carefully saved their own seeds. They are organic and guaranteed non-GM. We don't buy seeds from other climate zones.</p> <p>ROGI seed prices are low because:</p> <ol style="list-style-type: none"> <li>1. The seeds are packaged in quantities usable by a home gardener before they are unviable.</li> <li>2. There is no profit margin.</li> <li>3. There are no labour costs.</li> </ol>			<p style="background-color: #00aaff; color: black; padding: 2px;"><b>Sprouts Microgreens</b></p> <p>None</p> <div style="border: 1px solid black; padding: 5px; margin-top: 10px;"> <p><b>Storing your seeds.</b></p> <p>Store seed in a sealed container in fridge or cool place - not a garden shed or garage that can reach over 40° in summer. They will die.</p> <p>In paper bags - they are open to the air and can take up moisture and lose viability. So, pop the envelopes into glass jars or sealed plastic containers.</p> </div>
